

Bromley School Newsletter
29 August 2016

Kia Ora Talofa Welcome.

I was fortunate enough to be at a conference over the past week and also visit some outstanding schools. From what I have seen I know that we measure up extremely well in the Education our children are receiving here. I am so proud of our students' achievements and the professional commitment and work of our staff.

Our School has been developing a clear understanding of our vision and direction over the past year. I will be holding a meeting in the coming months where we share with you some of these thoughts. Please keep an eye on the newsletter for the date of this meeting.

You may be aware that all school staff have been called to a **Union Meeting** next Wednesday 7th September in the afternoon. School will remain open at this time but it remains a bit of a mission to run a school when the staff are expected to be at Union Meetings.

Therefore, we will only be able to have a few staff here to run programmes different to that of a normal day and I request those of you who are able and willing to, to take your child home on this day at 12.30.

To help us with our organisation we would appreciate you filling in the form below indicating whether your child will be here or not. For those who work or are otherwise committed there is no compulsion to keep your child home.

We are currently in the final stages of our revitalised school website. Please take the time to check it out on www.bromley.school.nz There are so many fantastic things that happen here that I cannot hope to convey in a paper newsletter. The class blogs and twitter feeds show the variety of learning opportunities that happen around here.

On a more sombre note. Please be aware of where your children are on the way to and from school at all times. Recently the media have reported occasional unsavoury people in cars driving around the Linwood Area. Please revisit with your child the need to keep clear of situations where they may be unsafe and to always stay in touch with you if they are on their own for any reason.

Other safety concerns still remain around the parking issues on the street particularly after school. I know parking is limited but please observe the yellow lines and driveways as no parking areas. The Road Patrol remains the safest area to cross Keighleys Road.

Have a great week

Scot Kinley

.....

I give permission for my child to come home next Wednesday 7th at 12.30 for the Teachers Union Meeting

Signed..... Childs Name..... Room No.....
