SCHOOL PHOTOS & COMMUNICATION 27/07/17

Huge apologies for the breakdown in communication regarding school photos yesterday for those of you who were totally unaware of this happening.

There were a number of factors around this which we are focussing on remedying for next year.

It will not be in the first week of the Term as this year in the first instance. We also missed putting the reminder on Face book and a number of class groups were unable to send notices out yesterday for different reasons.

General school communication is an area we are trying to improve on with all school newsletters from now on being e-mailed to parents. There will be a small stock of paper newsletters available in the office as well as displayed on the class doors.

This notice will also be e mailed as well as the hard copy. Please let us know if you don't receive this by e mail. We will also be introducing a communication app for smart phones later this term.

Once again, please forgive us for this oversight and I hope it will not happen again.

Regards

Scot Kinley
